D. Lloyd, Director

7 January 2013

City Council  
City of Morro Bay  
595 Harbor Street  
Morro Bay, CA 93442

Honorable Mayor and Council Members,

On January 3, 2013, the Morro Bay City Council, on a 3-2 vote, adopted Resolution No. 07-13 requesting California Coastal Commission denial of the wastewater treatment plant project application ("Project"). The Board of Directors of the Cayucos Sanitary District believes that a denial of the Project based on the Coastal Commission findings, as requested by Morro Bay, will significantly impact any future use of the jointly owned property. During the January 3, 2013 Council meeting there was considerable discussion about withdrawing the Project application, instead of seeking a denial. Morro Bay staff opined that the Project could not be withdrawn by Morro Bay without Cayucos joining in the request, at which point Council discussion and consideration of withdrawing the Project application ceased.

On January 7, 2013, the Board of Directors of the Cayucos Sanitary District adopted Resolution No. 2013-1, a copy of which is attached hereto, formally withdrawing the Project application. The Cayucos Board also took formal action by motion, to request that the City Council rescind Resolution No. 07-13 and join the Cayucos Sanitary District in withdrawing the Project application. By this letter, the Cayucos Sanitary District Board of Directors makes that request.

Because Morro Bay is no longer applying for Project approval, and is a Project Co-Applicant in name only, Cayucos has the right to withdraw the Project application without the consent of Morro Bay as Morro Bay will suffer no prejudice. However, in the spirit of cooperation, Cayucos requests that Morro Bay join in withdrawing the Project application.

Sincerely,

Robert B. Enns  
President of the Board of Directors
